

Alburgh Bell Ringers report 2026

Alburgh Church has eight bells and a rich history of ringing 'peals' (like musical scores for bells) that are recorded on the walls of the bell tower back to the Eighteenth century. Three years ago Alburgh was offered the opportunity to start the ringing tradition up again by Mark, who teaches us every Thursday from 7.30 to 9pm.

There are currently six of us learning but it would be amazing to have more ringers and be able to ring all eight bells. We have rung at Christmas, weddings and other occasions. Did you know that the whole tower was designed to move slightly when the bells are ringing ?

Anyone can have a go, it is unlike anything else so you won't know if you can - unless you try !
